HONG KONG TUBERCULOSIS, CHEST AND HEART DISEASES ASSOCIATION

香港防癆心臟及胸病協會

## Seminars on “Practical Knowledge of Occupational Safety and Health” for nurses

### Introduction

Hong Kong Tuberculosis, Chest and Heart Diseases Association had long been organizing many health promotion activities and training courses on respiratory and cardiovascular diseases. With the fast technology advancement and socioeconomic changes, the demands for quality in health care services are rising continuously; nurses are required to engage in life-long active learning to enhance their professionalism to cope with the changes. Seminars on “Occupational Safety and Health” will be held in April and May 2010.

### Objectives:

- 1.To strengthen, update and develop knowledge of nurses on the topic of “Occupational Safety & Health (OSH)”, “Osteoporosis in Workplace” and “OSH Audit in Hospitals”.
- 2.To train the skills and technique in delivering health education to the public.
